The Affari is an adaptable chair designed for dynamic meeting spaces. When your chairs need to be stylish enough to make a statement as a boardroom chair, but adaptable enough to easily stack away when the needs change, this is it. The clean silhouette means it can be equally at home in a small meeting room, a boardroom or a communal waiting area. The frame is a heavy duty steel tube with internal reinforcing and the scratch resistant chrome finish ensures the chair will still look pristine after many years of active service.
