CARE & MAINTENANCE

GENERAL CARE

To maintain the appearance of non-upholstered parts wipe the surface with a clean cloth dampened with a mild detergent solution. Do not remove any parts for separate cleaning. Do not saturate the fabric or interior with water or other cleaning liquids. Do not shampoo clean. Do not clean with hot water extraction machine. Do not clean with onsite drycleaning machine. Protect from direct sunlight, heat and weather.

UPHOLSTERY CARE FOR PU/PVC

Wipe with a clean cloth dampened with a mild upholstery detergent solution • Use only vinyl care products suitable for upholstery vinyl and strictly in accordance with the manufacturer's instructions • Spot clean as above • Treat spills and stains as soon as possible • Persistent stains may require treatment by a professional cleaner • Allow to dry thoroughly before reuse.

PREVENTATIVE MAINTENANCE & WARNING!

- Use this product only for seating one person at a time.
- Do not use this chair as a step stool/ladder.
- Do not sit on any part of the chair except the seat.
- Do not use this chair on uneven floor surfaces.
- Do not interfere with the operating of the gas lift.
- Do not use chair unless all bolts, screws and knobs are tight. At least every six months check all bolts, screws and knobs to ensure they are tight.
- If any parts are missing, broken, damaged or worn do not use the product until repairs are made using factory authorised parts.
- Dispose of packaging properly.
- Plastic bag is not a toy.
- Do not use plastic bag as a head covering as it may cause suffocation.
- Failure to follow these warnings could result in serious injury.

RECOMMENDED SEATING POSITION & OPERATING INSTRUCTIONS:

To ensure maximum enjoyment, comfort & safety when using this chair, please familiarise yourself with the following recommended seating positions & operating Instructions as detailed below;

1. Sit on the chair to operate the chair functions.
2. Lift the right hand Gas lift lever paddle (A) to lower the seat to the desired seat height position. To raise the seat, lift the right hand Gas lift lever paddle (A) while supporting your own weight off the seat.

NOTE: A suitable seat height position maybe influenced by your working environment e.g. the height of the work surface. Your forearms should be as close to horizontal as possible when working at your work surface & your feet should resting flat on the floor or on a solid surface.

3. To adjust the seat angle lift the rear right hand lever (B) and tilt the seat to a comfortable position. Press the lever (B) down to LOCK the seat in the desired position.

Bambach with back model:

4. To adjust the back angle lift the rear left lever (C) and adjust (forward or rearward) to a preferred position. Press the lever (C) down to LOCK the back in the desired position.

5. For back height adjustment slowly lift the back to the preferred height. To lower the back, lift the back to the highest position possible allowing the back to release, it will then reset to the lowest position.
